

PRECISION ENGINEERED  
PROVEN UNDER PRESSURE

# MEET POWERX

## HIGH-PRESSURE HYDRAULICS BUILT TO PERFORM

PowerX International specializes in 10,000 PSI hydraulic equipment designed for demanding environments.

Our products are precision-engineered, rigorously tested to perform under pressure, and supported by knowledgeable customer service that helps you get it right the first time.

## INDUSTRIES SERVED

Oil & Gas | Construction | Rigging | Infrastructure | Shipbuilding | Industrial | Mining

## PRODUCTS

### HYDRAULIC PUMPS

Torque Wrench  
Pump

Electric Pumps

Hand Pumps

Air-Over Pumps

### HYDRAULIC CYLINDERS

Single Acting

Double Acting

Center Hole

Low-Profile  
Cylinders

## PRODUCTS

### HYDRAULIC CYLINDERS

Flat Body Cylinders

Lightweight Aluminum Cylinders

Locking Cylinders

Automotive Cylinders

### HYDRAULIC MAINTENANCE KITS & TOOLS

Hydraulic Presses

Maintenance Kits

Hydraulic Spreaders

Puller Kits

Hydraulic Nut Splitters

Hydraulic Bottle Jacks

Hydraulic Toe Jacks

Accessories & Components

## CUSTOM SOLUTIONS

PowerX works with your team to design, prototype, and build systems that deliver maximum power, reliability and control.
